# SPECIAL PROJECTS & OPERATIONS

## REDUCE RISK

---

Halliday Finch is a highly experienced Risk Management Company with expertise in delivering bespoke commercial investigations and security solutions.

They operate across Africa, the Middle East and the Russian Federation and their clients have one thing in common, they trust Halliday Finch.

The key to Halliday Finch's success is their local knowledge, unequalled connections and their superb track record of deployments over the past 15 years.

# CLOSE PROTECTION AND JOURNEY MANAGEMENT

If you need close protection whilst traveling, Halliday Finch provide vetted, discreet and highly trained Close Protection Officers to reduce your risks and create peace of mind for those using the service.

All tasks are planned in detail, monitored by our 24/7 Operations Centre and have achieved a 96.3% customer satisfaction rating in 2019.

Journey management is a major factor when reducing risks. This service is designed to increase the security profile, minimise the risks and most importantly maximise the clients productivity.

The deep local knowledge and understanding of the geographic and human terrain ensures all operations are conducted ethically, sensitively and effectively.

HALLIDAY FINCH

Journey Management solutions are bespoke and include some of the following aspects:

## AIRPORT FAST-TRACKING

A meet and greet service to facilitate expeditious processing through immigration and customs upon arrival and departure at most major airports.

## SECURE TRANSPORTATION

Well-maintained and fully compliant vehicles are paired with extensively trained security drivers

## DUTY OFFICER SUPPORT

A dedicated duty officer assigned to you and your trip on call 24/7

# COMMERCIAL INVESTIGATIONS

Halliday Finch investigation team, made up of senior International and local ex police officers, work hand in hand with State Law Enforcement Agencies within the countries they operate. Adding decades of investigative experience and capacity to forensic audits and technical investigations.

This has led to Halliday Finch becoming a leader in commercial investigations in Africa, one of the most difficult Regions to operate in.
